Subject									
Change the appointment process for the Milwaukee chief of police, chief engineer of the fire department									

Assumptions Used in Arriving at Fiscal Estimate

The changed personnel process for appointment may or may not be more lengthy than at present with a new two stage process of recommendation by the commission and appointment by the mayor. The appointment process could also be more frequent than at present as individuals would serve at pleasure. It is not likely the potential increased cost would be significant in terms of the overall budget.

Long-Range Fiscal Implications
